

IRTG 2891 Nuclear Photonics - Annual Workshop 2024

Friday 01 November 2024

Oral contributions IX (10:20-11:35)

time	[id] title	presenter
10:20	[24] Control of spatio-temporal correlations for experiments with synchronized laser pulses	DUMITRU, Alice
10:45	[16] Gradient based beam line optimization for laser-accelerated ions using surrogate models	DEWITT, Daniel
11:10	[33] Optimizing High-Energy Photon Generation via Nonlinear Inverse Compton Scattering in Structured Targets Using 3D PIC Simulations	Ms DREGHICI, Dragana
